## April 2016

Our Annual Lion's Garage Sale went so smoothly that President George actually grew some hair instead of losing any!

A HUGE thank you to all who donated and picked up items, to all who put in long hours at the location, and especially Rita Zbranek for coordinating!

Our collection for the clean-up of the creek was very successful. We collected \$1,275.84. A very big thank you to Dave Swarhout for coordinating this!

We had another great crew to help with our highway clean-up. This may have been our last time at the old location as we are making plans to move closer to town soon. Thanks as always to Joe Keyes for coordinating this!

We have begun our work of manning the concession stand for the youth baseball league. Those who have participated so far have said they've had a great time!
